Honda NXR 750 Paris-Dakar

The NXR750 dominated the Paris-Dakar Rally from 1986 to 1989, winning the trophy 4 years in a row. Back then the 22 day race started in Paris and ended in Dakar/Senegal crossing nearly 15.000km of african desert. Gilles Lalay won the 1989 Paris-Dakar Rally on this motorcycle with its distinct Rothmans design.

42-LITER ALUMINIUM TOP-BOX WITH BASE
08ESY-MKS-LGALU

Made of strong and light aluminium, this 42L top box can store one full face helmet and much more. It comes equipped in standard with a backrest for the pillion. Fitted with the one-key Honda system, this top box can be operated using the same key as your Africa Twin T100. Thanks to the base included, it can be installed directly on the rear carrier of the Africa Twin Adventure Sports.

- Maximum load weight: 6 kgs
- Weight: 6 kgs
- Dimensions (L x W x H in mm): 403 x 403 x 323

- This kit includes:
- 42-L Aluminium Top Box (08L73-MKS-E00)
 - Top Box Base (08L80-MKS-E00)

15,790 SEK

ALUMINIUM PANNIERS SET
08ESY-MKS-PNALU

Made of strong and light aluminium, this set includes 2 panniers presenting a capacity of 33 L on the right side and 37 L on the left. Fitted with a one-key Honda system, the panniers can be operated using the same key as your motorcycle. The stay included is made of stainless steel finished with electrolytic polishing, to prevent corrosion and ease cleaning operations. The Right and the Left Pannier have the same specifications but different shapes.

- Maximum load weight: 10 kgs
- Weight: 5.6 kgs • Dimensions (L x W x H in mm): 555 x 390 x 265

This kit includes:

- Right Pannier (08L75-MKS-E00)
- Left Pannier (08L76-MKS-E00)
- Panniers Stay (08L77-MKS-E00)

58-LITER PLASTIC TOP BOX WITH BACK REST AND BASE

08ESY-MKS-LGPL

With a large capacity of 58L this plastic top box can store two full face helmets and much more. Its highly durable shell is designed for Adventure touring. Fitted with a one-key Honda system, it can be operated using the same key as your Africa Twin T100. Thanks to the patented design of its lid knob, it is also possible to access and secure your equipment without using the key. This Top Box comes with a specific backrest and it can be installed directly onto the rear carrier thanks to the base included.

- Maximum load weight: 6 kgs
- Weight: 7.2 kgs
- Dimensions (L x W x H in mm): 440 x 590 x 370

This kit includes:

- 58-L Plastic Top Box (08L70-MKS-E00)
- Back Rest (08L79-MKS-E00)
- Top Box Base (08L78-MKS-E00)

10,790 SEK

PLASTIC PANNIERS SET

08L71-MKS-E00

Specifically designed for the new Africa Twin, this set of panniers boast an impressive capacity of 30 liters on the right side, and 40 liters on the left. Designed to offer a flat surface between them and the rear seat, they can ideally welcome the load of wide equipment on top. And yet, while the load is in place, it will still be possible to open and close the panniers. One full face helmet can be stored on the left pannier, and when the bike is on side stand, the base of the pannier will prevent it to fall out. Based on a robust two-layer shell, these panniers benefit from the protection of their lid perimeter frames, that can be replaced, if need be. Fitted with a one-key Honda system, they can be operated using the same key as your Africa Twin T100 and they are perfectly secure thanks to a double catch LID lock.

- Weight: Right= 6.2kg, Left = 6.9kg
- Maximum load weight: 6 kg on both sides
- Dimensions (L x W x H in mm): Right = 505 x 295 x 415, Left = 505 x 330 x 415

1,490 SEK

4.5-LITER TANK BAG
08L85-MKS-E00

Thanks to its transparent pocket, this waterproof Tank Bag is the perfect solution to store a smartphone and connect it to the USB port of the motorcycle (depending on smartphones specifications / connectors not included). A one-touch buckle and a magnet keep this Tank Bag firmly attached to the bike.

- Capacity: 4,5 Liters
- Maximum load weight: 1.5 kg

1,090 SEK

3-LITER TANK BAG
08L89-MKS-E00

This light and compact Tank Bag features a transparent pocket and it's ideal to store small personal items. Unnoticeable while steering the bike, this Tank Bag is firmly attached thanks to a one-touch buckle and a magnet. A rain cover is included.

- Capacity: 3 Liters
- Maximum load weight: 1.5 kg

COMFORT

FRONT LED FOG LIGHTS KIT
08ESY-MKS-FL20

Set of 2 additional front LED headlights with all necessary components for fitment to the front side pipe (sold separately). Increase the visibility for the riders and make them more noticeable for the surrounding traffic.

- Operated directly with the handlebar switch and signaled on the TFT monitor when activated
- 2 led lamps of 11W

This kit includes:

- Front Led Fog Lights (08V73-MKS-E00)
- Front Led Fog Lights Attachment (08V70-MKS-E00)

VISORS SET
08R73-MKS-E20

Sharpening the design of the Africa Twin Adventure Sports, the visors improve the rider's comfort by reducing the pressure of the air flow around the arms and the shoulders.

DEFLECTORS SET
08R72-MKS-E00

The deflectors reduce the pressure of the air flow around the waist and the knees while funnelling the warm air emitted by the radiator.

LOW SEATS
08R73-MKS-E00ZB OR E00ZC

The standard seat of the Africa Twin can be adjusted on to 2 positions providing a seat height of 850 or 870mm. The low Seats lower the seat height by 25mm (825 or 845mm). They are available in 2 colours to match your motorcycle

- Tricolour versions (08R73-MKS-E00ZB)
- Black versions (08R73-MKS-E00ZC)

HIGH SEAT
08R70-MKS-E20ZE

The High Seats increase the seat height by 25mm (875 or 895mm). This seat is recommended for Black versions.

COMFORT PILLION STEPS SET
08R71-MJP-G50

Deluxe pillion foot pegs made of aluminium and rubber. They are wider than the standard pegs and increase the comfort.

PROTECTION

FRONT SIDE PIPE WITH ATTACHMENT
08ESY-MKS-L2FR

Providing a strong Adventure look, the Front Side Pipe improve the protection of the body. Made of stainless steel and finished with electrolytic polishing, it is resistant to corrosion and easy to clean. It can be used to fit the Front Fog Lights (sold separately). This set includes:

- Front Side Pipe (08P70-MKS-E20)
- Attachment (08P75-MKS-E00)

ENGINE GUARD WITH ATTACHMENT
08ESY-MKS-ENG

The Engine Guard improve the protection of the engine and the lower part of the bike. Made of stainless steel and finished with electrolytic polishing. This set includes:

- Engine guard (08P71-MKS-E00)
- Attachment (08P75-MKS-E00)

RADIATOR GRILLS
08F71-MKS-E00

Made of stainless steel and featuring a "CRF" logo, these Radiators Grills give your Africa the ultimate Adventure touch. Their original mesh pattern combines ideal cooling capabilities and protection.

SIDE TANK PADS
08R75-MKS-E20

These reinforced side pads are specifically designed to fit the tank shape. They protect the paint against scratches and give a better control for the rider in a stand-up position.

PERFORMANCE & DESIGN

RALLY STEPS SET
08R79-MKS-E00

With their aggressive spike shape and a surface 57% larger than the standard ones, these Rally Steps improve the control during off-road riding.

DCT PEDAL SHIFT
08U70-MKS-E50

This kit enables the rider to change gear in the traditional 1 down - 5 up format by using the left foot. It works alongside the handlebar shift triggers giving the rider the choice of using either at any point. (For DCT Version only).

QUICK SHIFTER
08U70-MKK-D01

By measuring the intensity of the shifting input, the quick shifter enables the rider to change gears without operating the clutch lever or shutting the throttle. The system works for upshifting and downshifting, maximizing the riding experience. (For MT version only)

WHEEL STRIPES SET
08F70-MKS-E20ZE
08F70-MKS-E20ZD

Available in 2 colours to match the different versions of the Adventure Sports, these Wheel Stripes improves the design and add some protection to the rims. Each set includes 2 pieces for each wheel. Recommended application:

- Tricolour versions (08F70-MKS-E20ZE)
- Black versions (08F70-MKS-E20ZD)

SECURITY & MAINTENANCE

MAIN STAND
08M70-MKS-E00
The Main Stand allows secure parking on a variety of ground surfaces and assists with maintenance operations.

HONDA OPTIMATE TM 296 CHARGER
08M51-LIT-601
High efficiency diagnostic charger and tester for Lithium batteries (LiFePO4 / LFP). Perfect to charge and maintain batteries sized from 2 to 100 Amp-hour. Program controlled by microprocessor. Fully sealed. Cables length: 2m (Input or Output cables). Wall mounts included.

Africa Twin reaches new heights

In 2017, the Africa Twin broke the record for the highest altitude reached by a twin-cylinder motorcycle. After 5 days of acclimatisation, a team of 5 five riders piloted the Africa Twin onto the slopes of the world's highest active volcano, the Nevado Ojos del Salado - located between Argentina and Chile. Reaching 5,965 metres above sea level, the international team completed its ascent within 24 hours with Africa Twin specially equipped with Termignoni exhaust, revised final sprockets, new Metzeler MC360TM tyres and a range of Honda genuine accessories. Their route took them - in temperatures as low as minus 5 degrees Celsius - through broken asphalt, gravel, mud, sand and finally stretches of ice pockets known as 'penitentes', underlining once again the Africa Twin's credentials as the best-performing off-road motorcycle in its class.

LUGGAGE

42-LITER ALUMINIUM TOP-BOX WITH BASE
08ESY-MKS-LGALU

Made of strong and light aluminium, this 42L top box can store one full face helmet and much more. It comes equipped in standard with a backrest for the pillion. Grand Prix Red (CRF Red)

HONDA TECHNOLOGY

Honda has developed and applied many innovative technologies for its motorcycle range, designed to have the greatest possible benefit for you and the world around you.

**ANTI-LOCK BRAKING SYSTEM**
Reduces braking pressure by monitoring the wheel speed, preventing the wheels from locking up.

**EURO 4**
Complies with EURO 4 emissions regulations.

**G SWITCH**
Triggered by a switch on the instrument panel, G Mode improves traction and machine control by reducing clutch slip during gear changes.

**HELMET STORAGE**
Large storage space for a full-face helmet.

**HONDA EVOLUTIONAL CATALYSING SYSTEM**
Oxygen-sensing system maintains an optimal air/fuel mixture for the most effective catalytic reduction of exhaust emissions.

**HONDA IGNITION SECURITY SYSTEM**
Only allows the bike to be started by its original encoded keys to effectively protect against theft.

**HONDA MULTI-ACTION SYSTEM**
Cartridge-type front fork and rear damper design ensures a confident balance of compliant damping and precise handling.

**ELECTRIC START**
Instead of kickstarting the bike electric start offers a simple more convenient way to start the engine.

**HONDA SELECTABLE TORQUE CONTROL**
If the Honda Selectable Torque Control (HSTC) system senses an imminent loss of rear wheel traction it reduces torque to allow the tyre to grip.

**LED LIGHTS**
Brighter and more energy efficient than traditional bulbs, with no time delay and a longer life.

**SMART KEY**
This innovative technology improves both convenience and security. As long as your key is in your pocket or bag, you can release the seat and start the engine with the press of a button.

**PROGRAMMED FUEL INJECTION**
Map-type computerised system maintains strong power and responsive performance in all conditions.

**SHOWA DUAL BENDING VALVE**
Showa Dual Bending Valve forks improve ride comfort and handling by delivering proportional rebound damping with firmer compression damping.

**PRO-LINK® REAR SUSPENSION**
Monoshock rear suspension utilises a triangular linkage system to progressively increase damping force through range of rear swingarm movement.

**ALUMINIUM FRAME**
One-third the weight of steel, the aluminium frame is stiffer and lighter to make sure every second counts.

**TWS RIDING MODE SELECT SYSTEM**
Giving a choice of 3 riding modes; Mode 1 delivers standard ECU maps, Mode 2 provides smoother throttle control and Mode 3 returns a more aggressive power delivery.

HONDA DCT DUAL CLUTCH TRANSMISSION

DCT is an automated clutch and shift operation system that retains the direct acceleration feel of a manual transmission with the ease of use of an automatic. DCT allows the rider to focus on accelerating, turning and braking, rather than gear shifting. This increases confidence and control for the rider. DCT technology takes the joy of riding and controlling your machine to the next level.

FREEDOM
Ride without concerning yourself with the clutch lever and shift pedal, for smooth and seamless gear changes.

2 AUTOMATIC MODES
S -Sport- For a more sporty driving style.
D -Drive- For relaxed city and highway driving.

1 MANUAL SELECT MODE
MT, with change of gear via left hand.

G SWITCH*
Improves rear wheel traction when off-road.
*Only for Africa Twin & X-ADV

CONTROL
Switch between auto and manual mode to suit any riding environment. Eliminate shift shocks like an expert biker.

AFRICA TWIN

X-ADV

HONDA ADVENTURE ROADS.

We build the Africa Twin for adventure. And we've built Honda Adventure Roads for Africa Twin owners to ride, explore, and push themselves – and their motorcycles – to a whole new level of experience.

First, 30 riders conquered Scandinavia, taking part in an epic ride from Oslo to Nordkapp, Norway. Then, in 2019, came the stunning backdrop of South Africa and the awe-inspiring, challenging terrain the Africa Twin was born for.

Planning is underway for the next Honda Adventure Roads. So if you're looking for an amazing, unforgettable event, the chance to really know what you and your Africa Twin are capable of and the opportunity to be led – and learn new skills – from HRC's pro-rally riders while enjoying the camaraderie of like-minded souls, then watch this space:

WWW.HONDAADVENTUREROADS.COM

Register your interest, stay tuned for news and get ready to play your part in writing the next chapter of Honda Adventure Roads.

The specific details of this brochure do not apply to any particular product supplied or offered for sale. Manufacturers reserve the right to vary specifications, including colours, with or without notice at such times in such manner as deemed appropriate. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. Consult your Dealer for details regarding the specifications of any featured product. This publication shall not constitute - under any circumstances whatsoever - an offer by the Company to any individual. All sales are made by the Distributor or Dealer subject to and with the benefit of the standard Conditions of Sale and Warranty provided by the Distributor or Dealer, copies of which may be obtained upon request. While efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specific details with the supplying Dealer, especially if a selection is dependent upon one of the features advertised. Please contact your local dealer for information and specifications. Please note that the fuel consumption figures provided are results obtained by Honda under standardised testing conditions prescribed by WMTC. Tests are conducted on a rolling road using a standard version of the vehicle with only one rider and no additional optional equipment. Actual fuel consumption may vary depending on how you ride, how you maintain your vehicle, weather, road conditions, tyre pressure, installation of accessories, cargo, rider and passenger weight, and other factors. You accept that if you do go ahead and make a purchase or enter into any kind of transaction, whether for payment or not, you did so entirely in reliance on your own skill and judgement and not on that of anyone else.

RIDE WITH STYLE Read the owner's manual thoroughly. Get to know your machine and its capabilities. Concentration assists anticipation. Observe other road users' movements. Brake in plenty of time. Always wear a helmet and quality kit, ride fit and NEVER after drinking alcohol. Good roadcraft and courtesy identify the skilled and stylish rider. Honda endorse the law that all helmet visors must comply with BS 4110. Visors that transmit less than 50% of visible light cannot legally be used on the road.
